There was another brief spat over the Morton saloon license question at the afternoon session who, it is alleged, left her several years ago One of the delegates read a telegram from some one in the east reasserting the statement that the license for the bar was taken out by Mr. Morton's manager. Mrs. Hoffman rose to speak, but Mrs. Blake shut off further dis-cussion by the introduction of this resolution: "Inasmuch as Vice President Morton occupies second position in authority in an admin-istration that favors the policy of high license, got a small sum of money and a large amount from the consideration of the convention, as he could not have done otherwise without re-buking the policy of the perty." Ashland (Wis.) Dispatch to the Milwaukee Sentinel.

The jury in the Manypenny manslaughter held at Barnesville Saturday strong resolutions in favor of the increased taxation of corporacase returned a verdict of acquittal after being out nearly thirteen hours. The scenes in the property were adopted and ordered to be sent to the state grange.

The November term of the circuit court for jury room to obtain a verdict for acquittal would fill columns were they delineated. Mellette has, during the past week, instructed all territorial officers not to incur the expense talking with Dennis Wardin the presence of of printing elaborate reports to the legislature, as has been the practice in the past. The current expenses of South Dakota will be about ance of Doctor Cronin, and Ward made use of \$1,500,000 per annum, while the revenue under the present taxation will be only \$300,000. The members-elect of the legislature are greatly in favor of economy, and measures will be in-troduced to abolish the state militia, the reform school at Plankinton, which has only one inmate, and the soldiers' home, for which there is no necessity. The expenses of the legislative session are estimated at \$1,500 a day, and it is probable that the session will not last longer than forty days. Gov. Mellette says: "The state has splendid public institutions, but owes every dollar of the cost, and expenses must be cut down. We are too poor a people and our real estate is too heavily mortgaged, and our first duty is to clear ourselves. The curse of South Dakota is chattel mortgages and loan sharks, who charge usurious interest."

The Husband's Signature Was Forged. A prominent lawyer in Ottawa, Ont., declares that D. B. Chisholm, fugitive from justice from Canada and the divorced husband of the present wife of Finance Minister Foster, was domiciled in South America and not in the United States at the time of the Chicago divorce papers were alleged to be signed by him. It will be remembered that at the time the divorce was applied for by Mrs. Chisholm before the Chicago courts Judge Horton questioned the validity of the signature. It is now believed the signature was forged and the divorce was illegal.

THE EVENING STAR IS a PAPER OF TO-DAY, not of YESTERDAY nor of LAST WEEK. It prints ALL THE NEWS, Local, Domestic and Foreign,

4:00, 78:00, 79:20, 12:00 a.m., \*2:30, \*4:20, \*7:10 and \*10:30 p.m.

For intermediate points between Baltimore and Philadelphia, †5:00 and †7:20 a.m., \*12:00, †3:15 p.m.

Trains leave New York for Washington, \*8:30 tll:00 a.m., \*2:00, \*3:20, \*5:00 p.m. and \*12:15 might. PRINTING FACILITIES ARE MORE THAN THREE TIMES AS POWER-FUL AND RAPID AS THOSE OF ANY OTHER WASHINGTON PAPER. It to therefore able to print each day a full report of every transaction of public interest occurring in the District up to the very hour of going to press.

> By the free use of the OCEAN CABLES for REGULAR AND SPECIAL DIS-PATCHES, and with the difference of time in its favor, it is also able to give its readers every afternoon the news of the WHOLE EASTERN HEMISPHERE for the entire day, and up to 12 o'clock midnight, thus leaving literally nothing in the way of news from Europe, Asia, and Africa for the morning papers.

Equally does THE STAR lead all its contemporaries in the publication of the NEWS OF OUR OWN COUNTRY. Receiving the regular dispatches of

both News Associations; with alert and enterprising special telegraphic correspondents at all important points; and with wires leading directly from its own office to the general network of telegraph system touching every city, town and hamlet in the United States and Territories, it is enabled to receive and print at once a full report of every event of consequence occurring during the day anywhere between the Atlantic and Pacific Oceans.

O NOTE THE RESULT:

THE STAR HAS MORE THAN THREE TIMES AS MANY REGULAR SUBSCRIBERS and MORE THAN FIVE TIMES AS MANY REGULAR READERS AS ANY OTHER DAILY PAPER IN WASHINGTON. It is delivered regularly by careful carriers at the HOMES OF THE PEOPLE, AFTER THE BUSTLE AND WORRY OF THE CAY ARE OVER, and it is thus read leisurely and thoroughly by EVERY MEMBER OF THE FAMILY.

They know that it prints all the news, and has only the interests of the people of the District in view, with no partisan measures to advocate, and no private schemes to forward. They know it, in short, to be THE PEOPLE'S PAPER, and nothing else. As an ADVERTISING MEDIUM it is, therefore, ABSO-LUTELY WITHOUT A RIVAL. It is in fact worth more as a means of reaching the public THAN ALL THE OTHER DAILY PAPERS IN THE CITY TOGETHER.

Furthermore, in proportion to the returns it gives its patrons, ITS ADVER-TISING RATES ARE THE CHEAPEST IN THE CITY.

--:0:---In conclusion, the public should bear in mind this one significant fact: THE STAR does not rely upon empty boasts to impress the public. ITS CIRCULA-TION IS SWORN TO: Its PRESS-ROOM IS OPEN TO THE PUBLIC; and its BOOKS MAY BE INSPECTED by any one having an interest in their examination. These are CRUCIAL TESTS, which few papers invite, and which those that boast most are least able to stand.

67 The esteem in which THE STAR is held by the reading and advertising public is conclusively shown by the figures given below.

In the first six months of each of the five years named the average daily circulation of the paper was:

In 1885......22,507 copies " 1886......24,882 " " 1887......25,702 " 1888......27,068 " 1889......30,241

Equally significant is the showing in regard to the advertising patronage of the paper, which is the surest indication of its acknowledged value as a medium

of publicity. The number of NEW AD-

VERTISEMENTS printed in the col-

umns of The Star during the first size

months of the years named was as fol-In 1885.....19,828 4 1887.....27,516 4 1888.....27,866 " 1889......31,976
